

Rent Reviews

Each year the housing authority conducts rent reviews to ensure your rent is affordable based on your income.

Please read the following temporary policy amendments in place to support tenants:

- Rent Reviews will continue to be postponed until after August 1, 2020. More details will be provided at that time; however, income documentation will be required to calculate lease rent based on proof of income for the past year. Any change to your lease rent will be adjustment retroactively back to the actual lease renewal date.
- For tenants **currently experiencing financial hardship** as a result of COVID 19 pandemic:
 - You may be eligible for a rent reduction to minimum rent even if you do not have proof of income at this time. However, proof of income must be provided by July 31, 2020 to adjust rent retroactively based on actual income.
 - After July 31, 2020 if your income continues to be reduced we are able to provide a 3 – month rent reduction based on your reduced income.

If you have reduced income or are experiencing financial hardship,
