Smoking

Dedicated Smoking Areas and How Tenants Can Be Responsible About Smoking.

The Saskatchewan Housing Corporation policy prohibits smoking, including E-cigarettes, in all units and multi-unit buildings. Smoking outdoors is only permitted in housing authority approved designated smoking areas. If no designated smoking area is approved on the building property, smoking outdoors is prohibited within a three-meter perimeter of any unit, multi-unit building or air intake.

Goals of the Saskatchewan Housing Corporation Smoking Policy

- To minimize exposure to second-hand smoke / vapors containing hazardous chemicals.
- To promote a healthy and safe living environment for all tenants, staff and visitors.
- To ensure compliance with applicable provincial regulations and civic bylaws.

Smoking Areas

- Smoking is prohibited inside any unit and any area inside a multi-unit building.
- Smoking outdoors is permitted in approved designated smoking areas only. All approved smoking areas are indicated with signage.
- If no designated smoking area, smoking outdoors is prohibited within three-meter from a door, window or air intake.
- A fire-safe container will be provided in all designated smoking areas at multi-unit buildings. Please use them and do not move (or attempt to move) them.
- Be aware of how close you are to a door / window / air intake when you smoke.
- Be observant of "No Smoking" signs and comply.

Smoking Violations

Tenants who smoke in their unit or areas other than designated smoking area are in breach of their tenancy. Please contact your Tenant Services at 306-445-4393 with details of your complaint so we may follow up with the identified individual.

Thank you for help us provide a smoke-free environment.

Something to think about... **If we do not receive a date, time, witness names or enough incident details we may not be able to follow up on the complaint.**
